Submitted,

Subject: Request for Approval of Remedial Classes and Reimbursement of Teachers' Remuneration

Dear Sir,

I hope this message finds you well. I am writing to bring to your attention the necessity of scheduling remedial classes for the failed and academically weak students of F.Y./S.Y B. Tech in various subjects. As per registration, the total number of students requiring remedial assistance in different courses is as follows:

Engineering Mathematics-I: 45

Engineering Chemistry-I: 41

Engineering Physics-I: 33

Engineering Graphics-I: 9

Basics Electrical Engineering: 19

Fundamentals of Computer Science and Engineering: 24

Basics of Mechanical Engineering: 5

Given the significant number of students in need, it is imperative to organize and schedule these remedial classes promptly. Therefore, I kindly request your approval to proceed with the scheduling of these classes for the F.Y./S.Y B. Tech students.

Furthermore, I would like to bring to your attention the matter of remuneration for the appointed teachers who will be conducting these remedial classes. It is essential that we reimburse their efforts and time appropriately. I request your sanction for the reimbursement of the teachers' remuneration upon the completion of the scheduled remedial classes.

Your support in approving these remedial classes and facilitating the reimbursement process for the teachers' remuneration will greatly contribute to the academic success and well-being of our students.

Thank you for your attention to this matter. I look forward to your favourable response.

Sincerely,

S.D.Ahirrao

Notice

This is to inform all students of F Y B. Tech (Academic Year 2023-24) who have registered for Re-Medial classes for semester-I subjects and SH226U: Engineering Mathematics that the classes will be conducted as per the schedule mentioned below. These classes are free of cost, and no fees are to be paid by any student.

Please take note of the schedule and make sure to attend the classes regularly. This is a valuable opportunity to enhance your understanding of the subjects and improve your academic performance. Once admitted, students will not be given another chance to attend Remedial Classes for these subjects in the future.

Make sure to utilize this opportunity effectively, and attendance is crucial for your improvement. If you have any concerns or queries, please contact the Department of Science and Humanities. Wishing you a successful academic session.
